

MISSION: The Bath Central School District is an innovative learning community committed to excellence by providing a safe, nurturing, experience-rich environment that promotes life-long learning and empowers all individuals to reach their full potential in a global society.

WE BELIEVE.....

- Every child deserves a safe and secure school environment that is conducive to enhanced learning.
- All members of the school community, as role models, must be committed, highly qualified, and competent.
- The education of all students must be the primary focus of our efforts.
- Effective communication is essential.
- We must provide opportunities and support that will enable all students to be lifelong learners and contributing members of society.
- Education is a continual process for all.
- We must embrace diversity in order to strengthen tolerance and understanding.
- That every child has the right to the best education that our community can offer.
- The school is a focal point of the community and should be responsive to its needs.
- That high expectations result in excellence.
- That learning should be meaningful and engaging.

PARAMETERS:

- We will only employ and retain respectful, professional and trustworthy people.
- We will always make decisions based on what's best for our students while maintaining our fiscal responsibilities.
- We will always strive to maintain a collaborative, trustworthy relationship with our community.
- We will never tolerate any actions or circumstances that are degrading or unsafe.
- We will always encourage positive family involvement.
- We will maintain high expectations for all.
- We will always provide diverse learning opportunities.
- We will always embrace and encourage creativity and critical thinking.
- We will make communication a priority.
- We will always strive for continuous improvement.

OBJECTIVES

- All students will graduate or successfully complete their individual education plan demonstrating 21st Century skills.
- The district will be perceived by all as a safe, well-maintained and experience-rich learning environment.
- All staff will be highly qualified and participate in professional development.

STRATEGIES

- We will enhance the curriculum and graduation requirements to reflect the changing needs of the 21st Century.
- We will organize the district strategically, including instruction and support services, and will concentrate all efforts and resources towards students' success.
- We will continually develop a comprehensive, research-based staff development program utilizing available resources.
- We will provide a student-centered environment that protects the safety of everyone.
- We will apply stakeholders' feedback to continuously improve the district.
- We will continue to recruit and retain highly-qualified staff.
- We will form a lasting relationship with each graduate and maintain knowledge of his/her progress.
