

Bath Band Boosters

The Bath Band Boosters is a voluntary organization of parents and community members created to support and promote the bands in our school district.

How do we do this?

Some of our responsibilities include fund raising, assistance at Marching Band performances and Band Camp, plus uniform distribution and upkeep. In the future, we would like to help fund Band performance trips, Drum Major Camp and new band uniforms.

The Band Boosters meet the second Monday evening each month in the High School Band Room. Everyone is welcome. You can support our bands by joining the Boosters organization for \$5.00 per family or \$3.00 per individual, even if you are not able to help in other ways.

Bands We Support

The Boosters organization provides support for all of the bands in the Bath Central School District, from 4th grade through High School.

The Haverling Blue Regiment Marching Band will perform at the home football games where they will be presenting their current field show.

The ***Blue Regiment*** also joins marching bands from across the Southern Tier at the annual ***Bandtoberfest*** at the War Memorial Stadium in Corning, NY.

Check the events schedule at ***www.bathcsd.org*** for other district musical performances.

How Can I Help?

The Band Boosters organization provides a variety of services to the students and

staff of the Haverling Music Department.

Perhaps you would be willing to provide food for special events. Could you chaperone a trip? We always need parents to support the marching band during performances. Perhaps you would enjoy assisting with fund raising activities, or uniform maintenance and repair. If your schedule prevents you from donating your time, join the Boosters or make a financial contribution.

Let us know what you do best. Complete the response form on the back of this brochure and return it to Mr. Cole or the High School office.

***We- and the students- thank
you for your support!***
